

ICT-GATEWAY Open Day

22/05/2022

On a group of 25 students from the Faculty of Computer Science participate in the first edition of ICT Gateway at ITP. This event aims to bring together all software engineers, network architects, technology analysts, computer support specialists and analysts in the Artificial Intelligence of the future. Part of the organization of this event was also the Dean of the FCS Prof. Ass. Dr. Ziriye Hasani.

The group of students was accompanied by teachers of the Faculty of Computer Science ër Beshiri and Fetahi.

The students managed to meet with the representatives of the companies in the IT sector located in ITP and also met with students from different universities in Kosovo exchanging ideas and their knowledge in this field
